

Bruce Jacobs works full-force to destroy and silence his victims. His greatest enemy is the freedom of speech, the lives of his victims, my life. Your brother blocked my ability to express my experience by sending letters and postcards to multiple recipients. His criminal organization is dedicated to silencing and murdering and raping children and keeping the goods they robbed from its victims. My life has been a life of silence, crippled and robbed, isolated and alienated and maimed by killers and their satanic practices; the acts of parasitic devil worshiping criminals in ISKCON and your brother specifically. They relish in their success to kill and rape and destroy innocent children and escape and live in comfort and pleasures and grow their crowd of worshipers of their demon gurus and the murder-rape demon Krishna. They are murderers, rapists and thieves who preach the philosophy of cannibals and the most sinister forms of criminal enterprises from Indian history.

MAY KRISHNA KANTI CRING BE REMEMBERED FOREVER.

**KRISHNA KANTI CRING WAS BORN KRISHNA KANTI JACOBS**
